**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a very satisfied user of Sonic Net internet provider for several years in California.

I am also a firm believer in having many competitors to self-regulate prices in a fair way to consumers for nearly all services and products. Competition breeds advances in technology and better service at a better price.

I am against price hikes that will substantially increase the cost of internet and telephone services. I fully support competition and urge you to stop the proposed dismantling of the 1996 Telecommunications Act.
